While anyone can Unlock iCloud using any iCloud Bypass tool or software, this can only remove the iCloud software activation lock from devices. Having iCloud Activation Lock doesn't mean your device is lost or stolen. It means your device is protected, and the standard iCloud lock could be removed or bypassed on the device. Bypassing iCloud activation lock, means you can access the full features of your iCloud account like iCloud activation, iCloud backup and more. This Bypass iCloud Activation lock method provided by our iCloud Unlocker software removes both iOS and macOS Activation iCloud Locks on your locked device. How does it work? A) Install iCloud Bug IMEI Unlocker v2.0 or iCloud Unlocker iPad + iPhone => iCloud Activation Lock is Removed. B) Unlock your iPhone by iCloud and turn on your iPhone to use your iCloud Account again. There is one more method to bypass and unlock your iPhone without iCloud unlock or Activation iCloud. And this method can be used to bypass all devices Activation Lock Like iPhone, iPad and iPod Touch. Unlocking method 1 => Step 1 Download a Free Unlock App from PlayStore and use your own IMEI/serial to unlock your iPhone. => Step 2 Open your iPhone, connect it to iTunes and transfer all contacts and other data to your iPhone. => Step 3 Go to your iPhone > Settings > iCloud > Find My iPhone > Passcode Lock > on. => Step 4 Add Apple ID and password and sign in your iCloud account. => Step 5 Enable iCloud backup and sync data from your iPhone to iCloud. => Step 6 Unlock your iPhone or iPad with your passcode and use the same to iCloud unlock. => Step 7 Go to your iPhone > Settings > iCloud > Find My iPhone and disable it. => Step 8 your iPhone is ready to use iCloud features again. Note : if you use the above steps method to unlock your iPhone, all contacts on iCloud will be deleted with your iCloud. unlocking method 2 => Step 1 Download a Free Unlock App from PlayStore and use your own IMEI/serial to unlock your iPhone. => Step 2 Open your iPhone, connect it to iTunes and transfer all contacts and other data to your iPhone. => Step 3 Go to your iPhone > Settings >
